

Senate Bill No. 337

CHAPTER 536

An act to amend Sections 3501, 3502, and 3502.1 of the Business and Professions Code, relating to healing arts.

[Approved by Governor October 6, 2015. Filed with
Secretary of State October 6, 2015.]

LEGISLATIVE COUNSEL'S DIGEST

SB 337, Pavley. Physician assistants.

Existing law, the Physician Assistant Practice Act, provides for regulation of physician assistants and authorizes a physician assistant to perform medical services as set forth by regulations when those services are rendered under the supervision of a licensed physician and surgeon, as specified. The act requires the supervising physician and surgeon to review, countersign, and date a sample consisting of, at a minimum, 5% of the medical records of patients treated by the physician assistant functioning under adopted protocols within 30 days of the date of treatment by the physician assistant. The act requires the supervising physician and surgeon to select for review those cases that by diagnosis, problem, treatment, or procedure represent, in his or her judgment, the most significant risk to the patient. A violation of those supervision requirements is a misdemeanor.

This bill would require that the medical record for each episode of care for a patient identify the physician and surgeon who is responsible for the supervision of the physician assistant. The bill would delete those medical record review provisions, and, instead, require the supervising physician and surgeon to use one or more of described review mechanisms. By adding these new requirements, the violation of which would be a crime, this bill would impose a state-mandated local program by changing the definition of a crime.

The act authorizes a physician assistant, while under prescribed supervision of a physician and surgeon, to administer or provide medication to a patient, or transmit orally, or in writing on a patient's record or in a drug order, an order to a person who may lawfully furnish the medication or medical device. The act prohibits a physician assistant from administering, providing, or issuing a drug order to a patient for Schedule II through Schedule V controlled substances without advance approval by a supervising physician and surgeon for that particular patient unless the physician assistant has completed an education course that covers controlled substances and that meets approved standards. The act requires that the medical record of any patient cared for by a physician assistant for whom a physician assistant's Schedule II drug order has been issued or carried out to be

reviewed, countersigned, and dated by a supervising physician and surgeon within 7 days.

This bill would establish an alternative medical records review mechanism, and would authorize the supervising physician and surgeon to use the alternative mechanism, or a sample review mechanism using a combination of the 2 described mechanisms, as specified, to ensure adequate supervision of the administration, provision, or issuance by a physician assistant of a drug order to a patient for Schedule II controlled substances.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The people of the State of California do enact as follows:

Physician assistants who have a certificate of completion of the course described in paragraph (2) of subdivision (c) shall be deemed to have met the education course requirement of this subdivision.

(f) All physician assistants who are authorized by their supervising physicians to issue drug orders for controlled substances shall register with the United States Drug Enforcement Administration (DEA).

SEC. 4. No reimbursement is required by this act pursuant to Section 6 of Article XIII B of the California Constitution because the only costs that may be incurred by a local agency or school district will be incurred because this act creates a new crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime or infraction, within the meaning of Section 17556 of the Government Code, or changes the definition of a crime within the meaning of Section 6 of Article XIII B of the California Constitution.
